

Introducing AnComm's 'Talk About It'

As a reflection of our school's commitment to fostering a safer, more comfortable learning environment for students and faculty, we are proud to introduce a new program called 'Talk About It®'.

Developed by AnComm, 'Talk About It®' is the nation's first and only anonymous online and text-based reporting service for schools. Easy-to-use and implement, 'Talk About It®' is a preventative solution focused on bridging the communication gap between students and faculty to foster a safer, more comfortable learning environment.

'Talk About It®' is easy to use. Students will be able to set up their own online accounts where they can send messages to the faculty members with whom they choose to communicate. Through this system, students will be able to report anonymously situations of concern, such as teasing and bullying.
